Residential  
Projects in  
MMR

## WE HELP YOU MAKE THE INVESTMENT

Propscience is India's first direct to customer research-driven real estate portal specializing in residential real estate. We are not backed or associated with any builder, bank, or broking firm, nor do we offer any property management services. We are an unbiased entity focused solely on providing accurate and frequently updated information to prospective homebuyers and homeowners of under-construction properties in MMR.

We offer homebuyers and new home owners detailed information across 450+ data points along with several decision-making tools to help them make the best assessment of their prospective investment. At present we have over 2000 projects visible on our site, spread across MMR, catering to varied ticket sizes.

## LOCATION

The project is in Byculla (West). Byculla is mainly a residential area in the making. It is also known for Dr. Bhau Daji Lad Mumbai City Museum, a stately Victorian building with historic photos and folk costumes. Jijamata Udyaan, or Victoria Garden, is home to the small Byculla Zoo, a playground and a massive clock tower. Nearby, Gothic-style Gloria Church and Khada Parsi, a towering cast-iron statue of a Parsi mogul, are popular backdrops for photos and movies.

## BUILDER & CONSULTANTS

As part of the Ashok PIRAMAL Group, the company is committed to creating international landmarks. They are amongst the first real estate companies to be listed on the stock exchange. This fact is the biggest indicator of their adherence to good corporate governance along with fair and transparent business practices. Today, Peninsula Land is an integrated real estate company. Their projects include pioneering retail ventures, world-class commercial projects and residential complexes. They have delivered more than 6.4 million sq. ft. of real estate with around 18.6 million under development in Mumbai, Bengaluru, Pune, Goa, Nashik and Lonavala. Some of the landmarks that Peninsula has given Mumbai include the Peninsula Corporate Park, Peninsula Technopark, Peninsula Business Park, Crossroads, CR2, Ashok Towers and Ashok Gardens.

## PROJECT PROPSCORE

Propscience uses a unique and highly proprietary algorithm to arrive at PropScores for every project it covers. This score is calculated out of 100 points. Through our detailed research we gather over 500 data points of information about each project. These data points are broken down into categories (mentioned below). An individual score is arrived at for each category and then a combined project PropScore is given. The purpose of the PropScore is to help you evaluate the distinct value you can hope to derive from each aspect of the project.

<b>Category</b>	<b>Score</b>
