## WE HELP YOU MAKE THE INVESTMENT

---

Propscience is India's first direct to customer research-driven real estate portal specializing in residential real estate. We are not backed or associated with any builder, bank, or broking firm, nor do we offer any property management services. We are an unbiased entity focused solely on providing accurate and frequently updated information to prospective homebuyers and homeowners of under-construction properties in MMR.

We offer homebuyers and new home owners detailed information across 450+ data points along with several decision-making tools to help them make the best assessment of their prospective investment. At present we have over 2000 projects visible on our site, spread across MMR, catering to varied ticket sizes.

## LOCATION

The project is in Kalwa. Kalwa is an industrial and commercial area located around Belapur in the Thane district, Maharashtra. It is well connected with other parts of Mumbai via the Pune–Mumbai Highway and Kalwa–Belapur Road. The closest train station to the suburban train network is Kalva Station. On July 29, 2014, Calva and Mumbra became the first railway station in the country to provide free WiFi access for travellers and the public. Construction of the third Kalwa Bridge is also nearing completion, which will ease traffic at the Kalwa Road junction, the Pune Road junction, and Thane Belapur Road in Mumbai. Kalwa itself is a major industrial centre, with companies such as CSC Pharmaceuticals, Deccan Industries, Dortmund Laboratories Pvt Ltd, and Lakhani Industries Limited. They can reach the centres of Navi Mumbai, Airoli, and Thane within an hour.

## PROJECT PROPSCORE

Propscience uses a unique and highly proprietary algorithm to arrive at PropScores for every project it covers. This score is calculated out of 100 points. Through our detailed research we gather over 500 data points of information about each project. These data points are broken down into categories (mentioned below). An individual score is arrived at for each category and then a combined project PropScore is given. The purpose of the PropScore is to help you evaluate the distinct value you can hope to derive from each aspect of the project.
