WE HELP YOU MAKE THE INVESTMENT

Propscience is India's first direct to customer research-driven real estate portal specializing in residential real estate. We are not backed or associated with any builder, bank, or broking firm, nor do we offer any property management services. We are an unbiased entity focused solely on providing accurate and frequently updated information to prospective homebuyers and homeowners of under-construction properties in MMR.

We offer homebuyers and new home owners detailed information across 450+ data points along with several decision-making tools to help them make the best assessment of their prospective investment. At present we have over 2000 projects visible on our site, spread across MMR, catering to varied ticket sizes.

LOCATION

The project is in Bhayander East. Bhayandar East is an industrial locality of the city of Mira Bhayandar. It falls under the Thane district of the State of Maharashtra. It is surrounded by the localities of Uttan, Mira Road and Sanjay Gandhi National Park. Bhayandar East is separated from the West by the Mumbai Suburban Railway line which connects it to Mumbai city. This locality does not have any residential or commercial developments.

BUILDER & CONSULTANTS

Rashmi Housing was established in 2000 by Ashok Bosmiya with the goal of constructing residential and commercial areas. It is a well-established land development company based in Mumbai, with projects in other parts of India on the horizon. Rashmi Housing is one of India's most efficient real estate enterprises because of its current land prowess and rate of delivery. The company has been able to deliver dwellings that serve a wide range of clients due to its dynamism and distinctive approach. With a land area of over 2000 acres and a development rate of one home each day, the company has over 10,000 delighted clients.

PROJECT PROPSCORE

Propscience uses a unique and highly proprietary algorithm to arrive at PropScores for every project it covers. This score is calculated out of 100 points. Through our detailed

research we gather over 500 data points of information about each project. These data points are broken down into categories (mentioned below). An individual score is arrived at for each category and then a combined project PropScore is given. The purpose of the PropScore is to help you evaluate the distinct value you can hope to derive from each aspect of the project.
