Residential  
Projects in  
MMR

## WE HELP YOU MAKE THE INVESTMENT

Propscience is India's first direct to customer research-driven real estate portal specializing in residential real estate. We are not backed or associated with any builder, bank, or broking firm, nor do we offer any property management services. We are an unbiased entity focused solely on providing accurate and frequently updated information to prospective homebuyers and homeowners of under-construction properties in MMR.

We offer homebuyers and new home owners detailed information across 450+ data points along with several decision-making tools to help them make the best assessment of their prospective investment. At present we have over 2000 projects visible on our site, spread across MMR, catering to varied ticket sizes.

## LOCATION

The project is in Mahim. Mahim is a neighbourhood in Mumbai, India. The Mahim railway station is in the Mahim area, on the Mumbai suburban railway on the Western Railway line. Mahim is diverse and has a church, mosque and fire-temple existing within a few meters of each other. The name Mahim is derived from the ancient Mahikavati meaning "miraculous" in Sanskrit.

## BUILDER & CONSULTANTS

---

Started in 2003, when three friends from diverse fields of expertise were brought together by a shared dream. The objective was to build a unique real estate company that would be professionally managed, dependable, and set industry-leading standards. They not only built a structure, but also nurtured a framework for indestructible good energy, thanks to a team of devoted specialists at every level. It's simple to replicate what the industry has previously accomplished. It's taking on a new challenge that necessitates extra work. Tridhaatu incorporates subtle, intentional innovations into all they do, resulting in a considerable difference in quality and aesthetics that a consumer perceives after a project is completed. Their work has earned them praise and respect from their clients.

## PROJECT PROPSCORE

Propscience uses a unique and highly proprietary algorithm to arrive at Propscores for every project it covers. This score is calculated out of 100 points. Through our detailed research we gather over 500 data points of information about each project. These data points are broken down into categories (mentioned below). An individual score is arrived at for each category and then a combined project Propscore is given. The purpose of the Propscore is to help you evaluate the distinct value you can hope to derive from each aspect of the project.

Category	Score
Place	65
Connectivity	33
Infrastructure	40
Local Environment	30
Land & Approvals	44
Project	64
